## GENERAL INFORMATION

### RELEASE DATE

Apocalypse is the second major expansion for Stellaris. It was announced on 2018-01-11 and its release date is 2018-02-22. The expansion is to be accompanied by the free 2.0 patch (aka Cherryh).

### EXPANSION FEATURES

- >Planetary destruction – Ability to construct a special late-game planet-killer ship nicknamed "Colossus", a technological super-weapon that can, in one of its 6 configurations, shatter entire worlds.
- >Titan class ships – Players are now capable of building strong capital-sized ships that offer tremendous bonuses to vessels under their command.
- >Ion cannons – Starbases can deploy expensive defense modules that hit targets on the other side of the system with a powerful attack.
- >Marauders – Nomadic empires can now spawn on the fringes of the galaxy and raid settled nations. Players can hire mercenary generals and admirals from them and order a raid on a rival if relations are high enough. There is also a chance these scattered hordes coalesce into a unified force, potentially triggering a mid-game crisis event.
- >More civics and ascension perks to further customize the inter-stellar empires.

[HOMEPAGE](#)[TECHNOLOGY TREE](#)

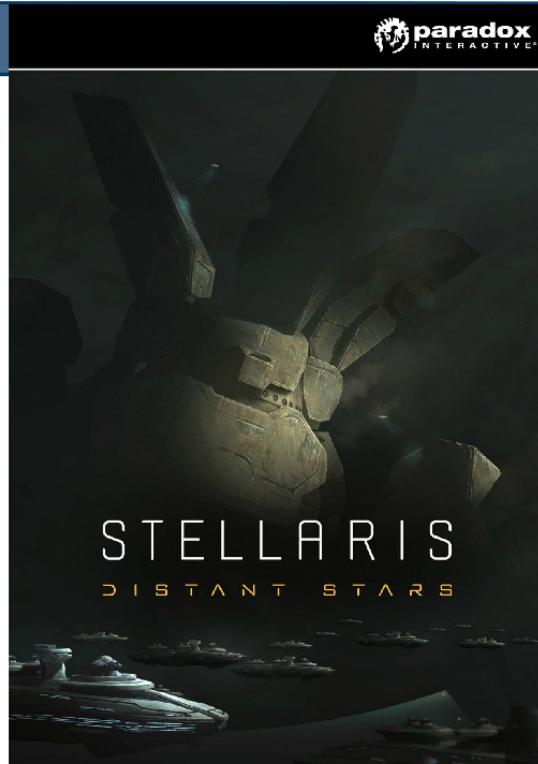

## GENERAL INFORMATION

### RELEASE DATE

Distant Stars is the third story pack for Stellaris. It was announced on 2018-04-23 and was released on 2018-05-22. The expansion is accompanied by the free 2.1 patch (aka Niven).

### EXPANSION FEATURES

- >Behind Closed Doors: Discover hidden traces of an ancient gateway network unlocking a sealed path to a constellation outside our own galaxy. But is this door holding something out, or keeping something in?
- >Sensors are Picking up... That Can't be Right: Encounter dozens of new anomalies and events for your intrepid scientists to observe and analyze, and a galaxy of wonders for them to discover.
- >Brave New Worlds: Plot unexplored unique solar systems, each with their own story to tell. Gain technology, resources, and valuable worlds to colonize.
- >There's Always a Bigger Fish: Come face to face with a number of unique gargantuan creatures that exist and thrive in the vacuum of space. But approach with caution, because whether gentle giants or something more sinister, these legendary behemoths have existed long before you and will do what it takes to survive long after.

# MEGA CORP EXPANSION

## IMPORTANT PAGES

[HOMEPAGE](#)[TECHNOLOGY TREE](#)

## GENERAL INFORMATION

### RELEASE DATE

MegaCorp is the third major expansion for Stellaris. It was announced on 2018-10-24. The expansion was accompanied by the free 2.2 patch (aka Le Guin).

### EXPANSION FEATURES

>Corporate Culture: CEOs of a MegaCorp can conduct business on a galaxy-wide scale with a host of new civics. By building Branch Offices on planets within empires they have trade agreements with, the MegaCorp can add a portion of the planet's Trade Value to their own network. Using the new Corporate Authority, construct an economic powerhouse and dominate galactic trade.

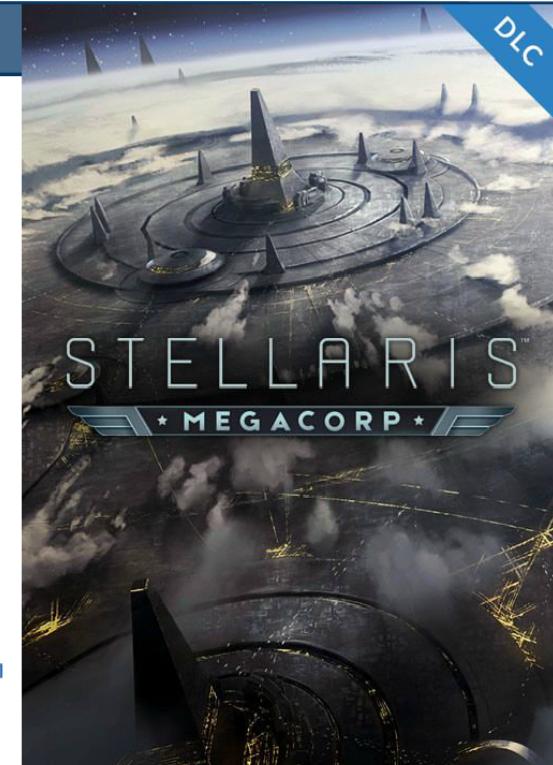

>City World: With Ecumenopolis, players can increase the population density of core worlds to truly epic proportions, eventually creating a planet-spanning megacity.

>Caravaneer Fleets: Keep an eye out for the Caravaneers, nomadic interstellar wheelers-and-dealers who stay aloof from galactic politics, and always have a bargain up their sleeve. Expect surprises when these master traders wander through your space or when you visit their home systems.

>More Megastructures: Build a glorious Matter Decompressor, Mega-Art Installation or Strategic Coordination Center to acquire new scaling capabilities for your megalopolis.

>Galactic Slave Market: Buy and sell pops on an industrial scale, set them free or keep them as livestock.

>New Ascension perks: Keep an economy competitive in a cutthroat galaxy with additional Ascension perks!

# ANCIENT RELICS EXPANSION

[HOMEPAGE](#)[TECHNOLOGY TREE](#)

## GENERAL INFORMATION

### RELEASE DATE

Ancient Relics is the 4th story pack for Stellaris. It was announced on 2019-05-14 and was released on 2019-06-04. The story pack is accompanied by the free 2.3 patch.

### EXPANSION FEATURES

>Said Ancient Relics: Collect and acquire valuable relics in your adventures as rewards for overcoming major crises or after completing a dig at an archaeological site and solving the chapters. Each relic gives significant benefits to your empire to aid in your interstellar escapades

>Those Who Came Before: Encounter two new extinct Precursor civilizations, each with their own anomalies. Players can investigate these to understand who they were and, more importantly, what one can learn from their demise.

>Relic Worlds: Once teeming with life, these Relic worlds now lie dead, covered with desolate ruins and dormant mysteries. Players can create archaeological sites to explore these remains and bring to light powerful relics and artifacts.

>Matter of Artifacts: Utilizing archaeological research, discover Minor Artifacts, a new resource type which can help empower one's empire.

>Dig In: Hit the dirt on a variety of enigmatic and alien worlds with more archaeology sites available for your empire to study... or plunder. Each site begins a story with between one and six chapters to investigate. Retrace the history to discover artifacts and relics that can be boons to your empire.
